**Convex Mirror**

Easily monitor your facility inside and out:

- For indoor and outdoor use
- For customer service and security
- Ideal for interior corners, corridors and blind spots
- Convex mirrors offer a 60° angle of view on dangerous corners, tight edges on loading docks, busy aisles etc
- Available in different sizes
- Ball and swivel plate attached directly to mirror to reduce weight and cost
- Complete with telescoping arm and mounting bracket

All mirrors are manufactured to the highest standards with polycarbonate lenses which are lightweight

**Dome Mirror**

Prevent accidents, theft & collisions in plant, warehouse, office, hotel etc.

- 360° angle of view
- Dome mirrors provide maximum coverage in many different corner configurations
- They provide surveillance via a single point of square footage from a fixed observation point.
- Ideal at four-way intersections
- Complete with adjustable mounting hardware

virtually unbreakable and 20 times stronger than glass
